

To whom it may concern,

We have been using ECOClean 360 for the past 6 months. We utilized a different cleaning service company prior to that. We began to notice issues here and there. The carpets weren't being vacuumed thoroughly and some of the floors didn't get moped well. Occasionally there was a 2–3-day delay in service because of a holiday. James stopped by one afternoon and we discussed some of the issues I was having with our cleaning service provider. That afternoon I received a price quote from James. The prices were right in line with what we expect to pay for a weekly service.

6 months later and I can say we have had very few discussions about the service EcoClean provides. Which is what you want in a cleaning service. A discussion usually means there is an issue. Any concerns we've had were addressed immediately. Our facility has never been in better shape. Bathrooms and floors never seem to get dirty. Even when there was snow on the ground, the floors always seemed clean and free of debris.

I highly recommend ECOClean 360. They are committed to providing quality and timely service. They are reliable and very responsive to requests. I have no regrets switching providers.

Sincerely,

Kyle Ruby
